I have worked with WOAI TV, a Clear Channel station, in San Antonio, TX for the past three years. They have always displayed a deep commitment to the people of San Antonio. WOAI TV has provided mentors, incentives, such as books and circus tickets, and most recently, an invitation to participate in "the Great American Toy Test." WOAI TV has also participated in our annual "Read Across America" event by providing readers to the school and has also provided media coverage for the event. I have been very impressed with the dedication and kindness that the mentors provide to our at-risk students. They are such strong, positive role models for our students. Our students' faces literally light up when the mentors come to campus.

Herff Elementary is very thankful for the partnership we have with WOAI TV.

Sincerely,
